

*Term 3 Monday 10<sup>th</sup> September 2012*

## **Collaboration, Commitment,** **Community**

At Green Valley Public School we value **working together** as a team towards common goals. You can see evidence of this throughout our school community. The SRC work together as a team of students representing the needs of all the children at our school. Class representatives put forward the students' points of view at SRC meetings and healthy discussions follow. Teachers work in teams to assist our students achieve excellence in all their endeavours. Stage teams meet to discuss student progress and plan educational programs. The leadership team meet weekly to ensure the smooth operation of our school. The P&C meet regularly to support school programs and activities and are informed about school business. The level of **commitment** at our school is outstanding. Teachers work tirelessly to ensure all students are achieving their best and are given every opportunity to excel and expand their horizons. The recent Tournament of the Minds and Western Liverpool Festival of Performing Arts are examples of this commitment. Teachers offer their expertise and time to extra curricular activities that enhance students' experience of school life. Students tried their best at the recent PSSA try outs in order to make it into their favourite sporting team. Parents from the P&C worked hard to provide the recent Father's Day Stall that was such a hit with students. We are expecting 100% participation in our Dance2bfit program so that all students have the opportunity it provides. Together we make the **community** that is Green Valley Public School. We need to ask ourselves "What am I doing to enhance the reputation of the school?" This is our school, and it is a wonderful place in which to learn. As I prepare myself to leave the school, I reflect upon on how fortunate I have been to be part of this diverse, exciting, innovative community.
